FROM THE DIRECTOR

For those of us of a certain age, thoughts of who, what, and how our estates may be distributed after we are gone tend to be among many procrastinations. Mona and I didn't get around to those discussions until about ten years ago. Some of us are dedicated to leaving substantial legacies to our children. Other folks think about leaving an abiding legacy in the form of naming rights to a building, arena, or school. Still others think it is more appropriate for them to spend what they have accumulated through years of hard work, while they still can.

The premise behind **Spreading It Around** caught my attention. After all, "Money is like manure. It doesn't do any good until it is spread around." I hope you enjoy **Spreading It Around** as much as the cast, crew and I have enjoyed creating it. If you do, how about spreading the word so others can have some fun? Thank you for coming!

County Seat Theater Land Acknowledgment

County Seat Theater would like to acknowledge that together in this space and on this land, we have gathered on traditional, ancestral, and contemporary lands of indigenous people. Ceded by the Ojibwe in an 1854 treaty, this land holds great historical, spiritual, and personal significance for its original stewards, the Native nations and peoples of this region. We recognize and respect the Fond du Lac Band of Lake Superior Chippewa as they identify themselves through tribal sovereignty, treaty rights, cultural resilience and relationships. We offer our gratitude to all the elders of the past, to those with us today and to those to come in the future, for their stewardship of this land and for their rich cultural legacy.

My passions are painting the face/figure and landscapes to capture and tell a story of the subject or scene.

I am particularly inspired by and have a love for painting musicians. I like the challenge of capturing the moment when a musician is at one with a song during a performance. My wife and I enjoy traveling. Our enjoyment of scenic locations provides me with photographic references with the goal and challenge to tell a story about that place. Painting in watercolor provides me the control and accuracy of the drawing, but also the freedom, spontaneity, and luminosity of the medium.

I love to teach and share my passion and knowledge about drawing and painting. I currently teach at different locations in the Duluth area and on Zoom! We are all students and we all have something to teach one another.
